SUGGESTIONS ON READING THE TRANCE LIBRARY FILES

by

WILLIAM ALLEN LePAR

I appreciate your interest in the information we have been receiving from [The Council](#), the spiritual source which speaks through the Trances. In all the years that I have been manifesting the Deep Catatonic Trance, I have learned a great deal from The Council, and I earnestly wish that you also gain a greater understanding of our existence.

These Library Files present information from The Council over a vast range of topics. In some cases, the information presented comes from one or two Trances that were usually held consecutively, within a few weeks or months of each other. In other Library Files, the information is selected from Trances held over many years. In all cases, if you study these Library Files carefully, you will notice a common thread of awareness that runs through all the information that The Council presents.

You may also notice that by the manner in which The Council presents the information, it becomes evident that they are layering awarenesses and insights. The observant reader will realize this progression of awareness and the unfolding of these insights.

These Library Files will not reveal their deepest insights to you with a casual reading. You must study them and reflect upon them. I would advise you to read the Library File at least twice and reflect on the information that The Council gives.

Again, thank you for your interest. I sincerely hope that you benefit from the Council's wisdom.

Sincerely,

William Allen LePar

AN INTRODUCTION TO THE COUNCIL

by

William Allen LePar

The Council has often referred to themselves as "spiritual beings." We must remember that this is a very elusive term and means something far greater than what we normally have been taught to understand as "spiritual beings."

In our finite minds we look upon spiritual beings as living beings confined in similar manners as we in the physical, and this is not the case with some levels beyond the physical. But in this expanded description from The Council, we begin to realize that there are levels that we can reach as spiritual beings that far surpass our present concepts.

Respectfully, I submit The Council's own personal description of themselves.

THE COUNCIL SPEAKS OF THEMSELVES

After a soul or an entity has accomplished a certain level or degree of perfection, through whatever system that is the ruling belief system of that time, then the individual or the soul or the entity is elevated to a level wherein it is not necessary for reincarnation. Once entering the spiritual realms without the need to reincarnate, a growth period is undergone. Many steps of awareness or many levels of awareness are accomplished, many degrees of elevation, many degrees of perfection until finally the soul, the entity has evolved into a state where there are no levels, no degrees, but begins to expand in love and awareness to the point where there is a total mergence or merging with other beings; where all ideas of limitations, all awarenesses of false limitations, have been done away with; where the person or the soul or the entity begins to realize its true unlimitedness and in that begins to expand greater and greater and greater, interweaving more delicately and more closely with all others and all other things, and in so doing grows closer to the Divine Himself. Once a soul or entity has reached this level, then they are in union with others, total union, yet completely individual, and yet completely united. This soul, this entity has its own personality, yet delicately flows in and out and with other souls but yet maintains its own personality, its own being. The soul, the entity becomes more god-like in that it becomes part of all things, yet maintains its own personality, its own being. Once a soul has reached this level then there is no name, there is no body as you would recognize or understand, but a more complete and unlimited **Child of God**, one who is so developed that no name could ever describe him. That is the existence we live in, and if you wish to use confining and restricting terminologies as levels, then we souls have to say that is the level we exist in. In all of mankind's history this level has never before spoken in the **physical plane**.

Even though we refer to ourselves as "spiritual beings," we use such statements only to give all who come to us some idea to relate to or some concept that they can relate to.

THE TRANCE PHENOMENON

We believe The Trances of William Allen LePar are the rarest paranormal experiences known to modern man. The only example of a similar phenomenon ended with the death of [Edgar Cayce](#) in 1944. The Council's unparalleled revelations, through Mr. LePar's trances, are made available to the public through the SOL Association for Research. His time and efforts are without compensation, and SOL is a non-profit, tax-exempt concern dependent on the commitment of volunteers.

The following is a brief explanation of a Trance, so those without the opportunity to participate have a better understanding of the phenomenon. On the day of a Trance, Mr. LePar remains in a peaceful environment. He consumes little food and The Council recommends his diet include red shellfish. He engages in considerable prayer and meditation throughout the day.

Those participating in a Trance, to question The Council, gather about a half hour before the session for socializing. Nancy LePar, his wife, is always the last to leave her husband before a Trance begins. She sits with him in a separate room as he quiets himself with prayer and meditation. When she enters the room in which the trance is to be conducted, all talking and noise cease. Soon he enters, silent and already in an altered state. With everyone seated and quiet, he enters, removes his slippers and positions himself on the floor.

He wears, as instructed by The Council, loose clothing of all natural fabric. Also, Mr. LePar wears no metal other than a wedding ring and cross. As he rests his head and bare feet on pillows, he maneuvers his body into alignment with magnetic north. Those participating, following instructions from The Council, are to place themselves in a quiet, prayerful state as until this remarkable source begins to speak. There are two distinct time periods in the linking of LePar's spiritual vibrations with those of The Council. The first period concludes with LePar's extremely deep and rapid breathing, a form of [hyperventilation](#). His hands, folded across the abdomen, quiver; his left leg stiffens and his left foot extends. Then, suddenly, silence. It seems almost as if he has stopped breathing. Finally, The Council begins to speak -- slowly at first, repeating the name of the Trance moderator, until the link with the physical world is ready. It usually takes about thirty minutes from the time Mr. LePar lies down until The Council speaks. But on some occasions, for a variety of reasons, it can be as long as 45 minutes.

Once The Council begins to communicate, a Trance usually lasts between ninety minutes and two hours. The Council is offered the opportunity to give the gathering an opening statement, which has always become a segment of information useful for universal spiritual growth. Then, the trances follow a simple question-and-answer format, beginning with written questions and continuing with follow-up questions raised by The Council's comments. At some sessions, there are so many follow-up questions that only the first question asked will be from the list of written questions.

Afterwards, when Mr. LePar awakens, he remembers nothing. His memory is blank from the time his wife leaves him before each session until he awakens at the conclusion of the Trance. He is always physically drained, cold and disoriented. He is helped to a seat, wrapped in an afghan for warmth, and given a slice of bread and a glass of orange juice to help him recover.

We hope you profit from the information in these Trance Library Files. If reading a particular file gives rise to a question, we encourage you to contact us for more information. Thank you.

FOREWORD

The Council has told us on many occasions that truth has always been available to mankind from the very beginning. As you read this Trance Library File, you may note similarities to information from other sources. You will also encounter new information. You may be surprised by some of the information revealed by The Council, to the point where it strains your credulity. The Council realizes this, and so they often begin a Research Group Trance with an opening statement such as this:

Again, a reminder as we have said before, we ask that you think about what we have said, the answers to your questions. It is not necessary to accept everything we say, but we do ask that you take the time to think on what we have said and hold it for possible use or acceptance at a later time. What is most important is that you do think, that you exercise your God-given mind. Use what you can use and store away that which is not serviceable at this time, for if you wish to see a dawn tomorrow with its clear blue skies, you must make ready for it now. If you cannot believe that tomorrow will be a better day than today, then it will not be so for you. If you do not carry the light of tomorrow, then where will it come from? If your tomorrow is not planned for today, then how can it exist? Forearmed with the knowledge of the path you are presently traveling, you are then in a position to create a better path for your travels tomorrow. The outlook for the children of the Divine is definitely a bright and sunny day. Only you can make the decision as to what your tomorrow will be. We have one distinct advantage over each of you, and that is we have gone through the process of life that you are presently experiencing and in those activities we have learned that one must never narrow their vision down to what they prefer to see, but it is great wisdom when one is willing to look at the total picture, even those segments that one wishes were not there.

Always keep this concept in mind: Use what information you can, and that which you cannot agree with, put it aside for now. Do not discard it, for you may find it very useful in the future.

EXPLANATION OF TRANCE LIBRARY FILE FORMAT

Reincarnation⁽¹⁾

page 31⁽²⁾

Selection # 16⁽³⁾

Reincarnation⁽⁴⁾ was discussed on 80-06-28⁽⁵⁾, the 78th Trance⁽⁶⁾.

The word "reincarnation was first found on page 1235, in line 387⁽⁷⁾.

386⁽⁸⁾

387 ***:⁽⁹⁾ Since we believe in reincarnation, and apparently have experienced death a number
388 of times, why do the majority of us fear death, and why do we not have a conscious
389 awareness of what it is like beyond the veil?

390

391 C:⁽¹⁰⁾ If you have reincarnated then evidently you have not fulfilled or let us say you
392 have not taken advantage of the opportunities available to you while in the material
393 manifestation, thus you have relegated yourselves to the man-made heavenly realms. The
394 fear comes from a degree of awareness of the conditions in the man-made heavenly realms.

Mysteries of the Universe
The Bermuda Triangle

Selection # 1

The Bermuda Triangle was discussed on 80-08-08, the 80th Trance.

The word "Bermuda" was first found on page 1261, line 562.

561 ***: Bill had asked questions sometime ago, and other people had the
562 same question about the Bermuda Triangle, the area supposedly bounded
563 by Bermuda, Miami, and the Bahamas where there have been a number
564 of mysterious disappearances that have been reported. The question
565 is if there are actual disappearances, could you please explain
566 what is taking place in this area of the earth?

567

568 C: It is quite simple. What are you constructed of basically, or
569 in its purest sense?

570

571 ***: Energy.

572

573 C: Very well. It is a form of electrical energy that we have
574 referred to as the spiritual electricity. As it is manifesting in
575 the material form, it becomes somewhat more gross, and it works then
576 in the material form on a bio-electrical set-up. Do you
577 understand?

578

579 ***: Vaguely, yes.

580

581 C: The currents in the body that are transmitted from the brain to
582 other portions of the physical anatomy are done so through minute
583 electrical currents.

584

585 ***: Yes.

586

587 C: All right. This electricity is instigated by the chemical

588 reaction in the body; the chemical reaction or composition is
589 instigated by the soul or the entity. Now, the soul, the entity,
590 functions through the organ that is referred to as the brain. As
591 the soul stimulates that organ through the chemical reactions and
592 interreactions, then it manipulates the physical form. It also
593 maintains the physical form, the soul; its spiritual essence then
594 maintains that physical form, the spiritual essence being a
595 spiritual electricity. Now what transpires in your Bermuda
596 Triangle is that the electricities, the natural electricities, or
597 the magnetic forces of the earth and the universe, shall we say,
598 come into collision at certain times. Those who are in the area of
599 collision are simply "changed," to put it politely. The chemical
600 compounds that make up the physical form are reverted back to a
601 less solidified form of that compound. The "Bermuda Triangle" and
602 the activity is an indication of the possible calamity that could
603 transpire at the polar change or shift. You are dealing now with
604 the forces of nature in their finest or purest sense in relation to
605 the material manifestation; so that as the polar changes do occur
606 time and reality will also undergo changes so that certain effects
607 will appear to have happened instantaneously, wherein they will not
608 have happened instantaneously but will have frozen in time. The
609 Bermuda Triangle is a minor effect of this frozen in time. When
610 the force fields are such, those individuals in those force fields
611 are, shall we say, changed -- "frozen in time."

612

613 ***: Do they have a conscious awareness that they are frozen in
614 time?

615

616 C: It would be wise to leave it at that, (***).

617

618 ***: Thank you.

619

620 C: You cannot fully understand a further explanation other than to
621 put it in a very crude form, such as being trapped in a dimension
622 that is subject to influences from the material and from other

623 dimensions. It would have a tendency to be more uneasy than it
624 would be informative, to go much further. Do you understand?

625

626 ***: There is a school of thought that that has something to do
627 with the Lost Continent of Atlantis, dealing with pyramids and a
628 crystal. Is there any truth to that?

629

630 C: The crystals are activated more than would normally be since
631 below the surface of the once continent of Atlantis lie those
632 things that have a tendency to cause the disruption in the force
633 field, such as the gravitational force field, the magnetic force
634 field, what have you. One of the instigating factors in the
635 collapse of Atlantis was this that was forming then under the
636 surface of that continent; this is all in preparation for the great
637 change of the axis.

638

639 ***: (***), do you have anything there?

640

641 ***: When you said, "for the great change of the axis," now would
642 that indicate any change in the axis of rotation or only the shift of
643 the magnetic poles.

644

645 C: The magnetic poles.

646

647 ***: You mean in preparation for the upcoming change or one that
648 has occurred in the past?

649

650 C: The big change is coming.

651

652 ***: Let me ask you if there are other places on the surface of
653 the earth that have similar properties to them?

654

655 C: Yes. Twelve, and they lie in a pattern.

656

657 ***: I have heard it said that the Sargasso Sea is similar. Is

658 that one of them?

659

660 C: The Sargasso Sea is part of the elliptical area that is
661 referred to as the Bermuda Triangle. You will find that all these
662 areas are elliptical in shape. "Bermuda Triangle" has a much more
663 commercial sound to it than the "Bermuda Elliptical Area." There
664 is a natural grid of forces on the globe. There are twelve. They
665 run at the upper part of the sphere and at the lower part of the
666 sphere; so that you can form, shall we say, geometric patterns by
667 connecting them the proper way. This is a very natural condition
668 and cannot really be referred to as phenomena, although man would
669 probably choose to refer to it as a phenomena. These segments or
670 elliptical patterns are or were at one time the magnetic poles of
671 the earth. In the great change time will be definitely suspended
672 and those who are present will be quite aware that time has been
673 suspended. The influences of the heavenly bodies and the workings
674 of those elements under the crust cause the reaction in these
675 elliptical areas. Now, it could possibly be said that these are
676 doorways to other dimensions, but this would be somewhat
677 inaccurate. They are not truly doorways to anything but a
678 refinement, if you wish to use those words, in one's experience or
679 awareness; not necessarily indicating a positive situation, only
680 indicating by the word refinement that there is a change from the
681 gross material to possibly the gross of another dimension that
682 could be influenced by other beings. You see, this all borders on
683 reality and time; everything is related and is connected with all
684 things.

685

686 ***: By other beings are you referring to human beings or beings
687 who are not human beings?

688

689 C: There is no way of really answering that question, because who
690 is to say what a human being is? It is quite possible that you
691 could be frozen in a situation with other human beings; it is quite
692 possible that you could be frozen in a situation with other beings.

693 ***: Yes. All right.

694

695 ***: Can we conclude that at some time these beings will be
696 unfrozen and released from their suspended animation?

697

698 C: Hardly likely would be the safest answer at this present time.

699

700 ***: Would it be prudent then to avoid spots, like traveling
701 through the Bermuda Triangle to avoid being caught up in this
702 frozen state?

703

704 C: No, it is not necessary.

705

706 ***: It is not really a thing to be feared?

707

708 C: No.

709

710 ***: It doesn't have bad consequences?

711

712 C: No, not really. Your spiritual state determines much.

713

714 ***: Will the shifting of the poles take place all of a sudden or
715 will it be a gradual thing?

716

717 C: They are beginning to shift at the present time. In fact they
718 are in the process of change now. Masses are moving in the center
719 of the earth, below the crust that will bring this about. Also,
720 the influences of the heavenly bodies which are drawing these
721 masses from their original position are at work at the present
722 time.

723

724 ***: Thank you.

725

726 C: You are most welcome.

727

728 ***: I was wondering if these changes beneath the earth are part
729 of what is causing Mt. St. Helens to erupt as much as it has?
730
731 C: All these things are related; all these things are related.

Mysteries of the Universe

The Bermuda Triangle

Selection # 2

The Bermuda Triangle was discussed on 82-10-14, the 109th Trance.

The word "Bermuda" was first found on page 1758, line 361.

359 ***: I was wondering is there any relationship, geographical, physical, or
360 spiritual, to where Atlantis was and the place we know now as the
361 Bermuda Triangle?

362

363 C: The Bermuda Triangle, as you call it, although it is more of an
364 elliptical circle or area than any triangular shape, is basically one
365 of the more populated areas of Atlantis or was. Does that answer
366 your question?

367

368 ***: Is there any connection between the things we think do go
369 wrong in that area and the negativity that may have existed in that
370 densely populated area before Atlantis fell? Is there a
371 relationship between those two?

372

373 C: Well, there is a relationship there, but you have not asked the
374 right question. What you find in that particular area and you
375 will find in a number of other areas across your globe is what at
376 one time was one of the poles. In Atlantis or in its prime day or
377 its highest point, they built, shall we say, a very large city in
378 that general vicinity. Now, the unusual happenings do not truly
379 come from what that city contained but more from the fact that at
380 one time it was a pole. Do you understand?

381

382 ***: Yes.

383

384 C: So what you have in these areas then are warps, if we may use
385 that term. These warps, based on the gravitational fields of the

386 earth and those in relationship to the gravitational fields of the
387 whole universe, create an unusual situation or, shall we say,
388 potential. One might say that there could be a relationship to
389 that mighty city being built in that particular area if one would
390 choose. The relationship would be based more on a spiritual concept
391 than anything that you would consider physical. Very well.

392 ***: Well, when the Atlanteans built their city, were they unaware
393 that this was a pole and that bizarre things could happen there?

394

395 C: There are areas, not unlike that which you refer to as the
396 Bermuda Triangle, across all the land surfaces, and in most of
397 these areas you will find buildings of worship. There is a natural
398 sense in man to utilize these areas. Now again, these areas are
399 far less greater than that area that you refer to as the Bermuda
400 Triangle. The Atlanteans had that same sense that you have today.
401 Now, we are not saying that these other areas were at one time
402 poles, but there are a number of areas other than those that we have
403 mentioned before that have unusual magnetic fields or magnetic
404 fields that are not, how shall we put it, likened to the area
405 around it, but then you are getting into a subject that would not
406 serve any real purpose. Very well.

407

408 ***: Is it the magnetic fields that caused the ships and planes to
409 be lost?

410

411 C: Yes, it is the magnetic fields that caused the disappearances,
412 but it is when there is a fluctuation in these magnetic fields
413 wherein it creates in its change what could possibly be
414 described as a whirlpool effect. Now, again, you are getting
415 into an area that would serve no true purpose and would become too
416 complicated to understand. It is based on the fact that the
417 material manifestation does not truly exist, but it is a matter of
418 reflections of light on the spiritual source or spiritual energy
419 that is the basis of what you know as creation. So it is actually
420 shadows played upon this light source. Now, these forces that you

421 recognize as gravitational, magnetic, what have you, are all
422 variations of the same spiritual source that you create your
423 material out of. Where these, how shall we put it, basic spiritual
424 forces feed your illusion, you can have then unusual phenomena,
425 because this is the area then where the forces come and go as needed
426 to supply or to sustain the material manifestation. Now, if you get
427 into this area of understanding, which you will never be able to
428 understand, you can no longer look at creation in the sense that
429 you do; you must begin to take creation, now we are referring to
430 all that you can see, your universe, your solar system, your earth,
431 you can no longer then look at it in the sense that you see it; then
432 you must begin, if you are to go into this area, you must begin then
433 to lay it out as a flat plane or a grid that all this can be laid flat
434 on; and from this grid that is underneath then the source of power or
435 creation that you utilize to create the material manifestation,
436 that is where you draw it from. It just so happens that the poles
437 then that you recognize are based on what we might refer to as the
438 cross-section of this grid; now we are speaking very loosely so
439 that we can give you some picture or some idea of what is
440 transpiring, only so much can be explained in this manner, then we
441 will have to revert to another picture to go further, but as we
442 said, it would serve no purpose, only more confusion.

443

444 ***: Thank you.

445

446 C: This is all in relationship to what we have said on a number of
447 occasions about time and the flexibility of time and how all things
448 are really existing now. You ask, "Where are we?", "Where is the
449 past?", "Where is tomorrow?", "Where is up?", "Where is down?",
450 "Where is heaven?", "Where is hell?", "Where are the different
451 levels of your existence after you leave the material
452 manifestation?", and we have told you they are all here, they are
453 all now. You see, all these things are related. That is why, in
454 certain areas, we have suggested that you not question any further
455 because it would only add to the confusion. Your conscious minds

456 and its working are not capable of understanding how all things
457 exist in less than a moment. All that you have experienced over
458 all your years of awareness have not even filled up a moment; and
459 from the point of creation to the point of your final state will
460 barely fill up a moment. As you look back upon all your
461 experiences in the material manifestation, and as you look
462 back on the material manifestation itself as an experience once
463 you reach your final destination spiritually, it will barely have
464 existed. The totality of what you understand as creation will
465 barely have existed. Its time in your awareness then will have
466 been so short that you will not be sure whether it was a fleeting
467 thought or an actual experience.

468

469 ***: Thank you.

470

471 C: You are most welcome.

472

473 ***: You spoke of the crystals of the Lemurians being used as
474 crutches. We understand from publications we have read that
475 the Atlanteans used crystals also. Was their great crystal put on
476 the gravitational, the magnetic pole, of that time?

477

478 C: You must remember that the pole that exists in that area, is in
479 reality a large area. They did not deliberately put their crystal
480 on an active pole. It so happened that that had been the pole at
481 one time. Do you understand?

482

483 ***: Yes, I do that answer, and then am I to understand that this
484 great crystal has nothing to do with the activities of what we call
485 the Bermuda Triangle?

486

487 C: The answer cannot be stated as no or yes. The fact that there
488 is such an appliance in that area, and since it is sensitive to the
489 magnetic fields, then it is part of the overall picture, but its
490 activity is truly secondary. Do you understand?

491 ***: Yes.

492

493 C: As we have said before, those other areas have the same
494 activity; it just so happens that you have not heard of it. They
495 are not as popular, but if you were to truly do some homework, you
496 would find that what you refer to as the Bermuda Triangle and its
497 activities, they are not as isolated or as unusual as one would be led
498 to believe, but there are other areas on the surface and on the water
499 that have as much activity or, shall we say, they have as much
500 unusual happenings, according to, naturally, the area in which they
501 are located and the relationship to activities in those areas.

502 Now, we are talking about human activity. If an area is
503 situated such where it has a great deal of travel, then you will
504 hear more of these unusual activities, but if it is isolated where
505 there is less activity or less population, then you will not hear
506 of it as readily. Very well.

507

508 ***: This is not related to Atlantis, but I was just wondering
509 would the location called the Superstition mountains in Arizona,
510 would that be one of those kind of places?

511

512 C: Your scientists are not totally ignorant of unusual magnetic
513 phenomena in certain areas of this country and other countries.
514 These unusual phenomena can be reproduced by man so as to cause an
515 illusion of actuality. There are places, even in this area where
516 there are faults in the magnetic field that can create unusual
517 phenomena, not of the magnitude of the Bermuda Triangle, but to
518 such a degree that one would notice a difference. Does that answer
519 your question?

520

521 ***: No.

522

523 C: No, it does not, so accept our answer as the answer.

524

525 ***: Okay.

526

527 ***: There are some areas on the globe where large groups of
528 people will say that they feel particularly inspired or they feel
529 particularly close to their God, perhaps they feel they have a
530 greater understanding of their God in certain places rather than
531 the location where they live. Is this strictly on a very personal
532 basis or is there something about the energies in some locations
533 that would cause that?

534

535 C: We have just spoken on that subject, on that very thing. There
536 are some areas on the land where many churches or cathedrals are
537 built that have, shall we say, small changes or variations in the
538 magnetic field. Men are naturally drawn to these and they will
539 build houses of worship in these areas, but what adds to this
540 effect is the structure itself or its architecture.

541 ***: I am thinking particularly in terms of natural architecture
542 such as mountains where many say they have felt inspired rather
543 than a structure made by man?

544

545 C: No, there would be no large area as that. You must allow for
546 man's imagination. Do you follow?

547

548 ***: "Man's imagination"? They just feel good, and there is no
549 particular reason for that?

550

551 C: Well, one soul may feel good in this area or that area, and it is
552 quite possible that particular individual could influence that same
553 thought on many people when there is no basis for it. Do you
554 follow what we are saying?

555

556 ***: Yes.

557

558 C: With answering a question like that, if we were to go into too
559 specific of an answer, it would have a tendency to downgrade certain
560 concepts. Do you follow what we are saying? There are some spiritual

561 concepts that are in existence today that claim that certain
562 mountains are the home of great spiritual sources.

563

564 ***: All right, yes I follow.

565

566 C: Think on what we have said, and you will have your answer, just
567 not as clearly as you may have hoped for. Now, what you also must
568 understand, just because there is a church or a cathedral on every
569 corner does not indicate that every corner has one of these teeny
570 warps in the magnetic field. Do you follow?

571

572 ***: Yes.

573

574 C: Very well. But man can be drawn to small areas where there
575 seems to be a good feeling. Now, this is truly a small area, and
576 man has chosen to build some of his houses of worship on these areas
577 or in these areas. Since the total creation of the material
578 manifestation is based on these fields as a very active coherent or
579 cohesion factor, then man finds himself somewhat attuned to it,
580 knowing that there is some closer touch with that spiritual grid
581 that we spoke of. Now, see when you get into this area you
582 begin to go deeper than what you will be able to understand. To
583 have any true concept of what we have just said now this evening,
584 you would have to be able to look at the material manifestation
585 as nothing more than a shadow or a grid of minute energy particles
586 that derives its source from its underlying grid, and that they act
587 then as a reflecting lens on a screen, and so it is your soul then
588 that manipulates these power lenses, and its source derived from
589 this basic grid. That was some of the thought that we attempted to
590 instill in you when we gave you the example some time ago of
591 projecting your life on a screen, where you were in a projection
592 booth and you worked with others. If you will recall the example?
593 So you may say then what you actually see is a screen with an
594 element that reflects light or is activated by energy to form
595 various shades of light or various degrees of shadow across an

596 existing light of a constant intensity. So now do you know any
597 more than what you did before? You see, this is why we suggest that
598 certain areas are not worth the effort. The only type of individual
599 that would find an interest in this kind of information would be an
600 intellectual, and they have enough problems without giving them
601 anymore. Now, we are talking about all types of intellectuals.
602 There are some who seek their God, so they say, by attempting to
603 understand things that they know they will never understand, thus
604 they have the excuse, "I tried," when in reality they are only
605 playing games. Very well.
